2. Citations and explanations (Rule 70.7)

Document cited in the International Search Report:
D1: US 4499468 A

The cited document represents the general state of the art.
The invention defined in claims 1-10 is not disclosed by this document.

The cited prior art does not give any indication that would lead a person skilled in the art to the claimed method and system for determining positions of targets by bistatic measurements. Therefore, the claimed invention is not obvious to a person skilled in the art.

Accordingly, the invention defined in claims 1-10 is novel and is considered to involve an inventive step. The invention is industrially applicable.
